CALL FOR PAPERS

The Values, Society and Development Laboratory (LVSD)
organizes a STUDY DAY under the title:

Applied Linguistics and Language Education in the Era of Artificial Intelligence.

FLSH, Ibnou Zohr University

(30 April, 2025)

Rationale

In recent years, the rapid advancement of artificial intelligence (AI) has transformed and affected various sectors, including education. Since these cutting-edge technologies have the potential to completely transform the way we approach language education, the integration of AI-powered tools and applications into language learning and evaluation procedures in particular has become a topic of increasing importance.

As the boundaries between human and machine intelligence continue to blur, it is more important than ever to investigate the potential and difficulties of using AI in language instruction. Scholars and educators need to collaborate to investigate how AI can improve language learning, evaluation, and teaching methods while simultaneously addressing the possible drawbacks and ethical considerations that could result from the use of these tools. (Liang et al., 2021).

Accordingly, organizing a study day on "Applied Linguistics and Language Education in the Era of Artificial Intelligence" would provide a valuable platform for scholars, practitioners, and decision-makers to engage in meaningful discussions, share best practices, and collaborate on the development of innovative strategies that leverage the power of AI to improve language learning outcomes.

Ultimately, the study day aims to contribute to the ongoing dialogue about the role of technology in language education, ensuring that we remain engaged, informed, and prepared for the future of teaching and learning in an AI-driven era.

We look forward to your participation in what promises to be an enlightening and thought-provoking event.

Objectives

- Raising awareness among educators and students about the potential advantages and disadvantages of using AI in the classroom.
- Examining the ethical concerns of using AI in education, including privacy, plagiarism, bias, and transparency.
- Exploring the possible effect of AI on the roles of teachers and students in the classroom.
- Identifying the best strategies and techniques for integrating artificial intelligence into the teaching practices and learning processes to improve student performance.
- Establishing a platform for cross-disciplinary discussion and cooperation between educators, AI, and education professionals.

We invite researchers to participate in interdisciplinary discussions on the subject by submitting their abstracts that address one of the following themes;

Themes of interest include, but are not limited to, the following:

- AI and Language Learning
- AI in Applied Linguistics Research
- Language Planning and Policy (LPP)
- Integrating AI into Curriculum Development and Pedagogy
- Innovation in Language Education
- Ethics and AI in Language Education
- AI and Educators' Professional Development
- Teaching Language Skills and Sub-Skills
- Positive Psychology in Language Education
- Thinking Skills and Language Learning
- Vocabulary learning and Vocabulary Strategies
- AI and Language Assessment

Submission Guidelines

- Abstract should not exceed 250 words,
- Include the title, author(s) name (s), affiliation, and contact information,
- Abstracts must be in English,

Submission Process

Kindly submit your abstract (250 words) via both: conferenceai.2025@gmail.com

labo.lvsd@gmail.com

The email subject line should read **"Applied linguistics and AI".**

Important dates

- Deadline for abstract submission: 30 March, 2025.
- Notification of acceptance: 6 April, 2025.
- Study day: 30 April, 2025.

Study day Coordinators
- Dr. Jaouad Riad
- Dr. Hassan El Hadim

Organizing Committee
- Dr. Abdelaziz Ait Taleb
- Dr. Abdallah Ghaicha
- Dr. Abderrahim Mimouni
- Dr. Aziz Driouch
- Dr. Hassan El Hadim
- Dr. Hicham Latif
- Dr. Jaouad Riad
- Dr. Mohamed Belamghari
- Dr. Mohamed Elfatihi
- Dr. Mohamed Elghazi
- Dr. Naima Omari
- Dr. Naima Trimasse
- Dr. Rachid Acim
- Dr. Redouane Madaoui
- Dr. Zakaria Jamaati

Scientific Committee
- Dr. Abdallah Ghaicha
- Dr. Hassan EL Hadim
- Dr. Hicham Beddari
- Dr. Hicham Latif
- Dr. Jaouad RIAD
- Dr. Mohamed Akharaz
- Dr. Mohamed Elfatihi
- Dr. Mohamed Elghazi
- Dr. Naima Aitssi
- Dr. Naima Omari
- Dr. Naima Trimasse
- Dr. Rajaa Rhandy
- Dr. Zakaria Jamaati

Doctoral Students
- Hanane Aqadoh
- Mourad Elhanafi
- Hamza Hassoune

Publication Opportunity:

Selected papers will be considered for publication in the study day proceedings.
